

Level 0 Training FOR STAFF EVALUATION

Intended audience: district and school staff who are responsible for data coordination processes or for loading STAFF evaluation data

This workshop is for participants who are new to Level 0 or would like a review and are responsible for loading staff evaluation ratings. We will discuss best practices for Level 0 data loading and preparing data for Level 1 submission. This will be a hands-on session, so please be prepared by bringing your files or having access to your source systems, such as WinCap, Finance Manager, OASYS, Infinite Visions, etc.
Please be sure to have a Level 0 account.

GOALS:

After this workshop, you will be able to:

- Navigate through Level 0 functions
- Load data into Level 0
- Load staff evaluation data
- Create data for Level 1 submission
- Review Level 0 Reports
