PLC: 3 Guiding Principles

1. To help all students learn at high levels.
2. Create a collaborative culture characterized by a coordinated and collective responsibility for student success.
3. Gathering evidence of student learning on an ongoing basis is essential to student success and to improving instruction

Today's Objectives

- Connect essential standards to the effective use of assessments in a collaborative RTI process
- Identify factors that impact teacher success and student learning
- Consider how student involvement in data, goals, and leadership impacts academic and social success
