EDocs What's New
Documents
- **Uploaded forms available for 3 years:** *You can upload documents (transcripts, letters of recommendation, written evaluations) prior to a student's graduation year and they will be available on the "prepare forms" page during the student's graduation year and for 3 years after the student graduates.*
- **New Common App forms for 2012-13:** *All forms are now updated*
- **Family Connection:** *FERPA waiver available to Alumni*
- **Common App Account matching from family connection:** *When a student enters his or her Common App username and password the Common App FERPA waiver in Family Connection, the student is immediately matched with his or her common app account.*

Sending a Transcript to the NCAA:
- *Sending a transcript to the NCAA electronically closely follows the procedure for sending a transcript with eDocs, except the student will need to request the transcript from the NCAA website.*
- *Students must request a transcript from the NCAA for each transcript that needs to be sent.*

Coming Early Fall 2012
- EDI and EDII Agreements to Common App. You will be able to submit an early decision II agreement from Naviance for a student even if you submitted an early decision I agreement for Common App destinations.
- Delete Account requests – Have you ever had a document request that you are unable to complete? You will be able to delete these requests in order to clear your list.
- Grade Report/Report Card Uploads Supported – You can upload a grade report/report card and send it to docufide and common app schools. Uploading this document does not replace the active transcript.
- Common App Exclusive Schools – when a student indicates on family connection that he or she is applying common app exclusive school, the student will not have the option to indicate that he or she is not applying via common app. The school will also be labeled as common app exclusive in family connection.
