

Central New York Regional Information Center

Schedule Finder User Group Meeting Minutes, December 3, 2010

2010 – Schedule Finder User Group

Attendees:

CNYRIC	Lori West, Judy Corigliano
Trusmart	Jeff Petrie
Liverpool	Lind Tillotson, Bonnie Ladd, Ann Fuller

Minutes:

Future Meetings: The Spring 2011 Schedule Finder User Group will be held on May 18th from 10 to 12 in Conference Room 3.

Purpose of User Group: Review product enhancements with users. Communicate and share information with group. Create new enhancements based on user group feedback.

2010 Enhancements: New IOS version release in December. It is very important that users update their Operating System first and then load new version of Schedule Finder.
If there are problems districts should reset:

Perform a Device Reset.

Hold down the power button on the top of the device while at the same time holding down the Home button. Keep holding both buttons, the red slider will appear at the top of the screen, keep holding until a white apple appears on the screen (about 10 seconds), then let go of both buttons. The device is resetting and will take about a minute and then restart.

New iPad Release scheduled for January 2011

Liverpool, Chittenango, ESM, Dryden – all users of the iphone/ipod touch platform.

Liverpool – Had devices that would not load iSchedule Finder. Jeff Petrie was able to reset the device and load the application successfully during our meeting. Bonnie tested her data and asked to add Middle School Buildings to iSchedule Finder.

Liverpool and Chittenango – Experienced issue with photo size and slow when loading application. Judy C gave Jeff copy of photos file for reload and testing.

Chittenango – Was not able to attend, but sent an email. Bob Kerr is interested in combining Middle School Building with High School on 1 device.

ESM – Was not able to attend, but sent an email. Kiernan reported that script had reverted back to old version. Jeff Petrie simplified the student table script to avoid problems. He added a separate locker feed and loaded them to the student table.

Dryden – Wendy was not able to attend, but sent an email. There were 3 iPod Touches that Wendy could not get to load. Sent Wendy the Reset instructions. She was able to get 2 devices to work. Judy C has scheduled a site visit on 12/20 to check the 3rd device that is not working.
